

THE REGATTA TEAM CHALLENGE

General The Regatta Team Challenge is run as part of the Felixstowe Regatta in order to select the best team of boats competing in the Regatta.

Team Eligibility Teams will be eligible from the following organizations:

- RYA or ISAF recognized Yacht/Sailing Clubs
- Corporate identities being registered companies, business partnerships or associations.

All entries must be bona fide. Each Team boat must be owned, or be under charter to, a member of the qualifying organization. Each boat must be eligible for the Regatta and comply with the Regatta Sailing Instructions. A boat will not be allowed to be entered for more than one Team.

The Race Committee reserves the absolute right to determine whether or not a team is eligible.

Team Size Each Team will consist of three boats.

Scoring System Points will be given on each boat's finishing position extracted from the IRC Overall fleet and the points scored by each team boat aggregated to give a team total. Scoring for the Regatta Team Challenge will use the same scoring system as the Regatta, detailed in the Sailing Instructions.

Races to Count Boats will be scored in all five races of the regatta. Each team will be allowed to discard its three worst (highest) scores (i.e. 12 scores to count).
